# SPACE

Written by Katherine Page

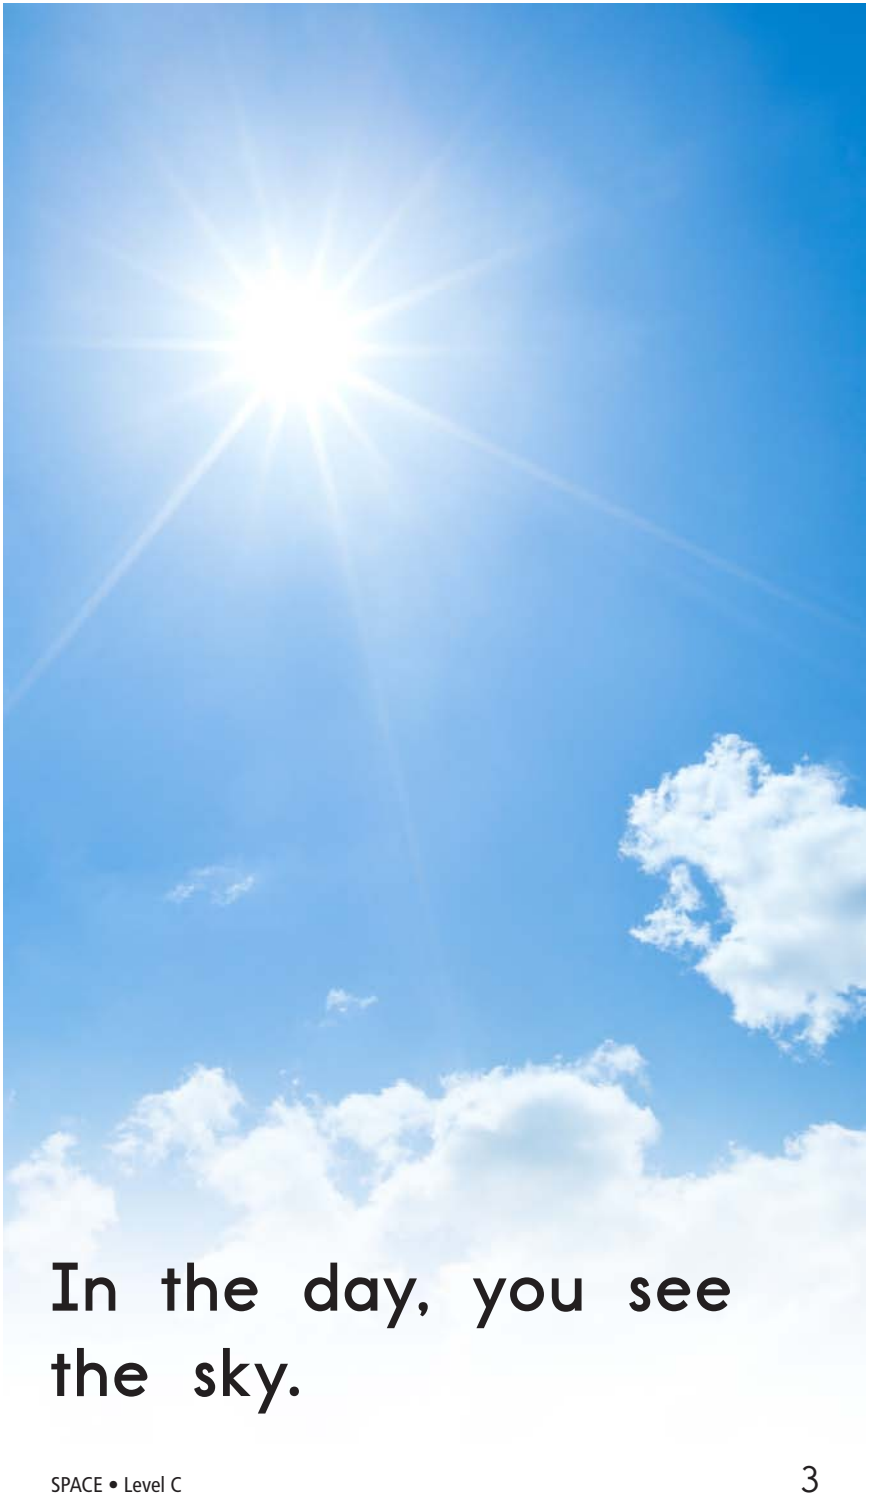

[www.readinga-z.com](http://www.readinga-z.com)

In the day, you see  
the sky.

In the night, you can  
see space.

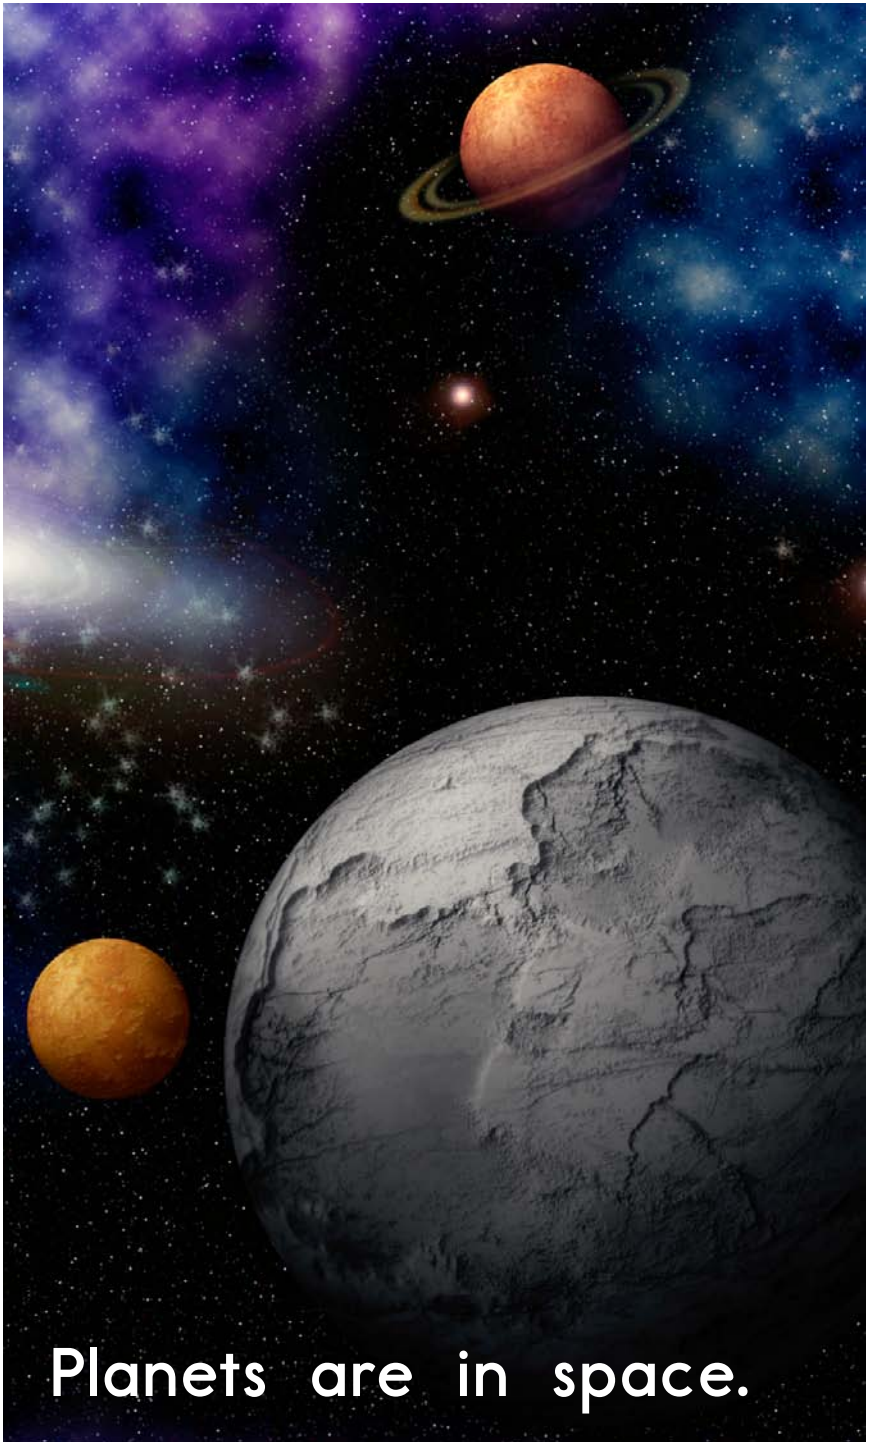

The stars are in space.

The Moon is in space.

Planets are in space.

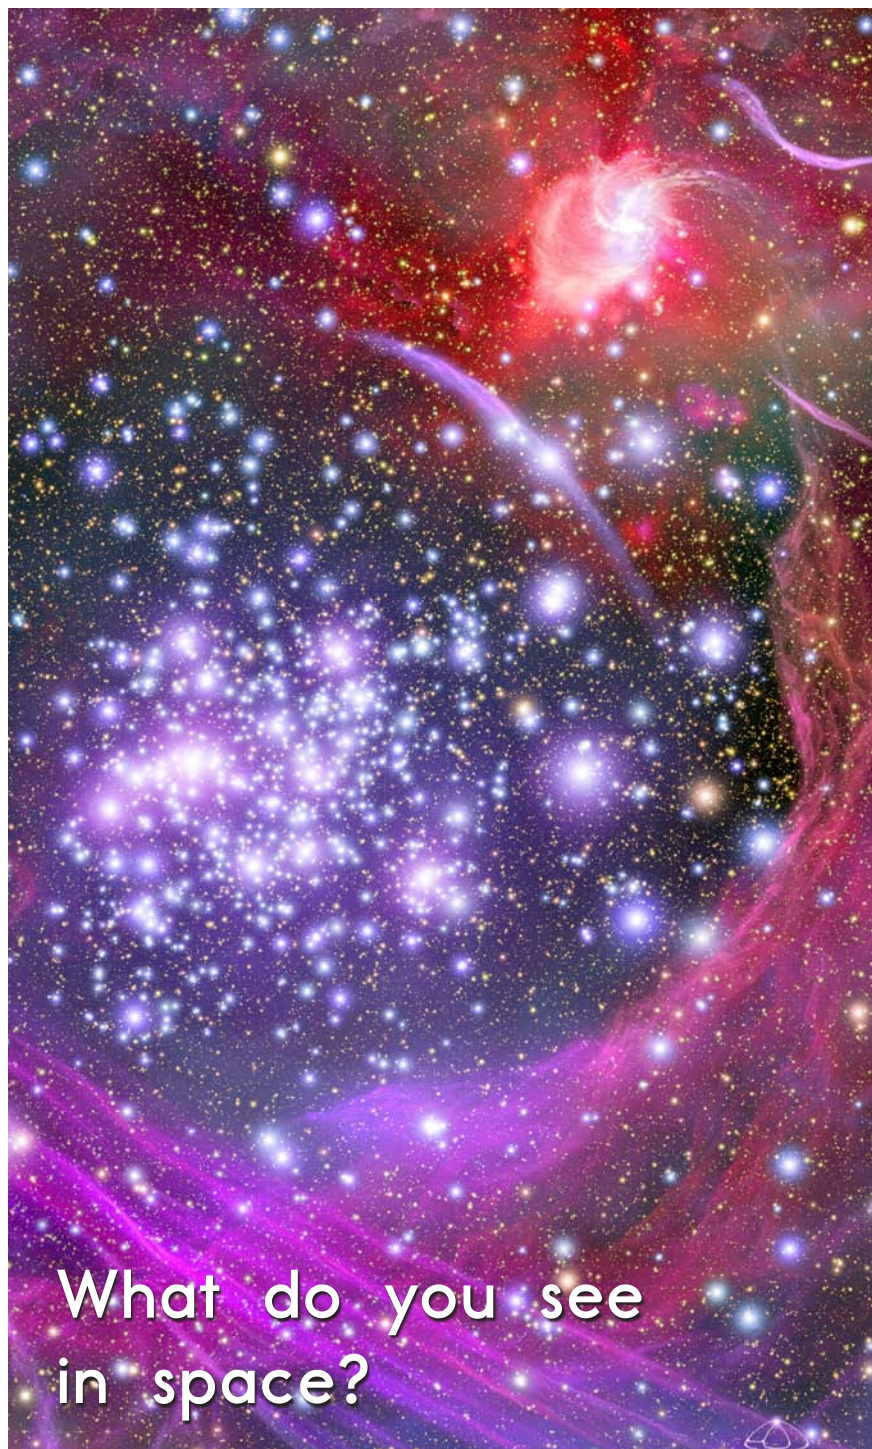

Comets are in space.

Satellites are in space.

What do you see  
in space?
